

Residential Services Overview

We can eliminate all of your headaches when it comes to handling your painting needs. Precision Painting & Decorating is best known for our customer service, professionalism and high quality services. We understand that our customers look for a well-run painting service provider that provides excellent quality services and communication. With over 10 years of experience, PPD has learned what is important to you and our uncompromising dedication to service, combined with our craftsmanship, will guarantee you peace of mind knowing that your job will be done right the first time!

PPD understands that price is an important factor in any trade. Our experience allows us to give you a precise and detailed quote prior to start of any job, and we promise you the price will never increase without your approval.

We also guarantee that your foreman will have open communication with you on a daily basis. This will ensure your projects runs smoothly. Your PPD crew will conduct an on-site meeting each morning, you will have access to cell phone numbers of your crew, and our promise to return phone calls the same day.

PPD provides the same level of craftsmanship on every job. Your homes first impression is a reflection on the quality of work. The keys to quality are professional and experienced painters, meticulous preparation, and quality materials. We use the best quality products from Benjamin Moore, Sherwin Williams, Pittsburgh Paints, Glidden, Muralo, C2, and many others. We offer a large variety of Low and Zero VOC paints, along with dust control systems that improve the overall air quality on our jobsites.

If your painting ideas have you stuck, you just need a fresh color, or your home needs a complete makeover, don't worry...
