

# WAREHOUSE MANUFACTURING DISTRIBUTION

## COMMERCIAL PAINTING

WE'VE GOT YOU COVERED

The Midwest possesses one of the world's largest and most diverse economies, servicing the nation with manufacturing, warehousing, and vast product distribution. At PPD Painting we specialize in commercial painting and warehouse maintenance services such as exterior concrete tilt-up, and metal siding. On the interior our services include ceiling and wall painting; safety painting such as column and line striping; and floor coating installation. Our customer's businesses move fast, which means they need their demands met at the same pace. Our performance systems are developed specifically for painting in active, high traffic environments.

Let us provide you with a professional painter who can keep your building protected and functional for high-volume shipping and receiving activity. Whether your center has signs of deteriorating flooring, faded or peeling paint, or flaking and crackling of exterior surfaces, our team of professionals will work with your schedule to restore compromised surfaces. Precision also maintains comprehensive insurance coverage that includes liability and workers' compensation.
